Leisure

What is this life if, full of care,
We have no time to stand and stare.

No time to stand beneath the boughs
And stare as long as sheep or cows.

No time to see, when woods we pass,
Where squirrels hide their nuts in grass.

No time to see, in broad daylight,
Streams full of stars, like skies at night.

No time to turn at Beauty's glance,
And watch her feet, how they can dance.

No time to wait till her mouth can
Enrich that smile her eyes began.

A poor life this if, full of care,
We have no time to stand and stare.

By William Henry Davies (1871-1940)

ENGLISH WRITING

Write a narrative extract describing this picture

Setting description:

- Use powerful adjectives to describe what you might see, hear, smell, touch and taste.
- Use a variety of expanded noun phrases, similes and metaphors to make your writing interesting.
- How would you feel if you were in this place?
- Where might you be going?
- Create a word bank of ideas to include in your writing.

GEOGRAPHY

Research where different foods come from.

Task 1: Think of your favourite snack. Some examples include: a yoghurt, a fruit yoyo, a cheese string, a peperami stick or a croissant.

Your challenge is to find out where in the world the ingredients come from to make this snack. Start by looking at the packet.

Miss Martin's favourite snack is a croissant; most of the ingredients needed to make a croissant can be produced within the UK yet the UK doesn't produce the most croissants. Why do you think this is?

Fun fact: The Ukraine is one of the top producers of wheat.

Ingredient	Origin
eggs	Chicken farm - UK
milk	Dairy farm - UK
flour	Wheat - UK
sugar	Sugar cane - Brazil
cream	Dairy farm – UK
strawberry jam	Strawberries – UK, Sugar - Brazil

Bonus challenge: use the scale of Google Maps to calculate how many miles the ingredients have had to travel to get to the UK.
